Best Hotel Accounting Software - 2020 Reviews & Pricing

The right accounting software for your hotel business primarily depends on your functionality requirements and the size of your business. Small Hotels: Hotel owners that run small inns or hotels with only a few rooms generally use generic accounting software like QuickBooks, Xero, or FreshBooks to track income and expenses. Small to midsize hotels that see a high customer turnover and manage many rooms in one location should consider an industry-specific solution.
