Magick, in the context of Aleister Crowley's Thelema, is a term used to show and differentiate the occult from performance magic and is defined as "the Science and Art of causing Change to occur in conformity with Will", including "mundane" acts of will as well as ritual magic. Crowley wrote that "it is theoretically possible to cause in any object any change of which that object is capable by nature". John Symonds and Kenneth Grant attach a deeper occult significance to this preference. Crowley

Of all the things I have read about
Crowley in the past, nothing paints a
clearer and more obvious picture than
this. Regardie's "Legend of Aleister
Crowley" is equally short, but manages
to build up the legend a great deal.
Kaczynski's "Perdurabo" appears to be
an attempt to humanize Crowley, but it
comes across as something of hero
worship ...
