Coffee Market Report February 2016 -
World coffee consumption increases but
prices still low. 4 March 2016. The coffee
market stabilised slightly in February,
but prices remain at very low levels. A
lack of news regarding fundamentals
with expectations of a large 2016/17
crop in Brazil have kept prices from
maintaining any significant rally.
Inventories in importing countries have
been well replenished, giving a buffer
against any immediate supply concerns.
