Coral Husbandry for a Healthy and Captivating Reef Aquarium. It wasn't long ago that caring for corals in closed, recirculating systems like the reef tanks we see in lots of homes and businesses was considered impossible. The prevailing wisdom was that these animals were too fragile, too demanding and the life support and water quality parameters necessary for success were far too technical for all but the most experienced professional aquarists.

**Coral Husbandry | Aquarium Services of Oregon LLC.**

There are several species of stony coral belonging to the genus *Euphyllia* available to hobbyists, which are a popular bunch for good reasons. These corals can be very attractive, can grow to large sizes, and can thrive in aquariums with acceptable water quality, lighting, and flow. Many can even touch each other without doing any damage, meaning several specimens can be arranged together to ...
