Chemistry is the study of matter and the changes it undergoes. Here you can browse chemistry videos, articles, and exercises by topic. We keep the library up-to-date, so you may find new or improved material here over time.

Chemistry library | Science | Khan Academy

Debriefing the exam helps you identify the conceptual gaps that you need to relearn versus errors that may have resulted from test stress or a misreading of a question. If you can start to identify where/how you are struggling with the exam, then you can think about how to make better use of your study time as you prepare for the next one.
