In scholarly work, a primary source reports original content; a secondary source refers to content first reported in another source. Cite secondary sources sparingly—for instance, when the original work is out of print, unavailable, or available only in a language that you do not understand.

### Secondary Sources - APA Style

To create an in-text citation in APA format when the author is an organization or entity, always include the full name of the organization the first time you cite the source in-text. The citation should also include the acronym of the organization if one is available. Subsequent citations can simply list the acronym and the publication date.
