Using real-world case studies throughout, this exploration of "contemporary" logistics describes the entire supply channel system - from inbound movement of freight through materials management to physical distribution to customers.

Contemporary Logistics by Paul R. Murphy Jr.
This edition is similar to the 10th edition (at least the first six chapters). A main difference is that the 11th consolidated a chapter (I believe about warehousing) from the 10th edition. I recommend getting the 10th edition, as you can get it for ~\$15 at some places, if you are self-studying.
