2007). It differs from the previous book in having been prepared as a textbook for an undergraduate course on 'Contrastive analysis and learner language'.

### **Contrastive analysis and learner language: A corpus-based ...**

Corpus-based studies on semantic prosody of synonyms provide a new lens to teaching and learning synonyms in English. However, using corpus-based approach to facilitate teaching and learning English synonyms is still in its infancy in China. This study, based on Chinese Learner English Corpus (CLEC) and Corpus of Contemporary American English (COCA), conducts a contrastive analysis of English near synonyms "motive" and "motivation" in terms of frequency, collocation features and ...

corpus (Anthone 1996). Contrastive linguists now have a way of testing and quantifying intuition-based contrastive statements in a body of empirical data that is vastly superior – both qualitatively and quantitatively – to the type of contrastive data that had hitherto been available to them. Although the practice of translation, and reflection on the nature of the
