If a parent tells a child whose sibling has died that the sibling is sleeping, the child may expect the sibling to wake up. If the parent says the sibling will not wake up, the child may fear going...

Talking to Children about Death and Dying - WebMD

Pre-teens may see death as punishment for poor behavior and may need reassurance that wishes do not cause death. Some children at this age will develop spiritual or philosophical views of life and death, and older children (especially teenagers) may react by taking unnecessary risks in attempts to confront death and take "control" over their mortality.

Helping Children Cope with Death and Dying | CRHCF

Although initial conversations about the death may not be detailed, expect that as the child processes the loss, and as their capacity to question and understand matures, they may (1) want to know more about their loved one (2) want to know more about the circumstances of the death and (3) want to talk about their loved one as a way of maintaining their ongoing bond.
