In some cases, you may also find free books that are not public domain. Not all free books are copyright free. There are other reasons publishers may choose to make a book free, such as for a promotion or because the author/publisher just wants to get the information in front of an audience. Here's how to find free books (both public domain and otherwise) through Google Books.

Digging Into Literature By Joanna

In that case, "digging deep" means to perform serious spade work--one needs to "dig deep" for the good turf--that is, move beyond surface details and dig into the nuances of language. This book on its own doesn't really help students perform serious spade work.

Digging into Literature reveals the critical strategies that any college student can use for reading, analyzing, and writing about literary texts. The authors' unique approach is based on groundbreaking studies of the successful interpretive and rhetorical moves of hundreds of professional and student essays.

Digging into Literature: Strategies for Reading, Analysis ...

Digging into Literature subordinates traditional attention to formal features of literary texts to instruction on how to use awareness of these features to craft an interpretive argument. Part One, "Introducing Literary Analysis" presents the features of literary analysis, while Part Two "Strategies for Close Reading" shows how to turn unique critical reading strategies (such as "surface/depth," "patterns," and "opposites") into critical writing.
