Use different business properties to make the photo looks like a business portrait. You can add files, business books, laptops which may work. You can also create a concept such as a person working or doing a meeting. This will add a professional feel on your business portraits. In a business portrait you have to make the model look like a professional businessman/business woman. And that will be helped by adding such kinds of concepts.

10 Business portrait photography tips | business portrait tips

A portrait photography business provides high-quality, professional photos of individuals and families. Many businesses offer specialized services for things such as school photos, holiday cards, and family portraits. Because of the ability to offer these useful services year-round, portrait photography businesses play a vital role in the communities that they are located in.
