A significant amount of work remains to be done to increase Africans' access to energy while mitigating the environmental and social risks of climate change to ensure sustainable development. To help meet these challenges, the African Development Bank (AfDB) created the Energy, Environment and Climate Change Department (ONEC) in May 2010.

## **Energy, Environment and Climate Change Department (ONEC ...**

Cities have a huge impact on the local climate and require vast quantities of energy to keep them functioning. The urban environment in turn has a big impact on the performance and needs of buildings. The size, scale and mechanism of these interactions is poorly understood and strategies to mitigate them are rarely implemented.
