Mower Deck The mid-mount mower can be raised to give ample clearance, eliminating hassles when moving from job to job or riding over curbs. MID-MOUNT MOWER Kubota's mid-mount mower is the ideal choice for precision grass cutting. The suspended mower deck gives the operator $\frac{1}{4}$ " cutting control, for a clean cut, every time.

Does this imply that the RCK60-27B mid mower will fit a B2630 as well? I have a B2910, with RCK60-27B, but want to get a second tractor setup specifically for mowing. There is a B2630 for sale locally that is perfect if my RCK60-27B deck would fit. Any info is appreciated. many thanks, Sean

What Kubota models does a RCK60-27B MMM fit??

I have a neighbor that has a BX, and I have a B2710HST that uses a RCK60-27B, (which is the exact same deck as the RCK60-29B deck that the O.P. referenced, with the exception of the mounting hardware that it hangs from, as the RCK60-29B is for a B2910HST tractor) and the 27B/29B decks are very different from the BX decks.
