Having a service manual to hand will allow you to identify faults and get your car running smoothly, as quickly and as cheaply as possible. Whether you can fix it or not, or whether it immediately needs fixing, the presence of a service guide in your car will at least allow you to diagnose the fault.

The Nissan Laurel is a front-engine, rear-drive two- and four-door sedan manufactured and marketed by Nissan from 1969 to 2002. Introduced in 1968 as a new model positioned above the 1968 Datsun Bluebird 510, the Laurel offered the luxury of the Nissan Cedric 130 in a smaller size. The laurel is a noble tree in Greek mythology, and the laurel wreath a symbol of honorable status.
