The Modern Law Of Contract [PDF]

Contract law is a body of law that governs, enforces, and interprets agreements related to an exchange of goods, services, properties, or money. According to contract law, an agreement made between two or more people or business entities, in which there is a promise to do something in return for a gain or advantage, is legally binding.

Contract Law - Definition, Examples, Cases

The law of contract is a set of rules governing the relationship, content and validity of an agreement between two or more persons (individuals, companies or other institution) regarding the sale of goods, provision of services or exchange of interests or ownership.

Examples of Contract Law Cases | What is Contract Law?

The law of contract is a set of rules governing the relationship, content and validity of an agreement between two or more persons (individuals, companies or other institution) regarding the sale of goods, provision of services or exchange of interests or ownership. Exploring all recent developments and case decisions in the field of contract law, it combines a meticulous examination of authorities and commentaries with a modern contextual approach. Taking into account a variety of theoretical approaches: economic, sociological and empirical, Stone examines a broad range of material.

The Modern Law of Contract — MOBI download | 9780415425285 ...

Modern contract law is characterized by an increased control over the contractual regime. This control is reflected both by general supervision over the process of contract formation and by intervention in the very contents of the contract. Keywords: contract law, contract theory, liability, contract formation
