Nursing leadership and management roles require commitment and in-depth knowledge of the field. Both nurse managers and nurse leaders can benefit from cultivating key managerial and leadership qualities. The actions of nurses, especially those in advanced positions, have a direct impact on patient outcomes.

### Nursing Leadership and Management: A Breakdown of the ...

Leadership and management are concepts that are often felt to be the same; both are necessary but different. Managers can also be great leaders, but so can nurses without a management title. Leaders learn how to harness and use their own personal power to think critically and effectively in addressing workplace factors that create barriers to a workplace that fosters excellence for both nurses and patients.

### The Value of Nursing Leadership on the Frontlines and Beyond

Management Style: Five Leadership Types for Nurse Leaders . There are many identified styles of leadership, and Servant Leadership is one that has grown in popularity in the last few years. In the 1970’s, Robert Greenleaf created this term to describe leaders who influence and motivate others by building relationships and developing
