places of hope and dreams, places where people go when they seek a better life, education, and access to opportunities. Cities are the epicenters of our global society; they are the foundation of our collective economic reality.

A Movement for Sustainable Cities and Regions in the 21st ...

Sustainable Cities. Cities generate over 80 per cent of gross domestic product in many countries in Asia and the Pacific and are engines of economic growth that have lifted millions from poverty. This economic growth is accelerating rural to urban migration. Asia's cities will become home to another 1.1 billion people in the next two decades as the poor continue to be drawn to better opportunities.
