Taxation Of Companies And Company

Here are some of the highlights of corporate taxation for domestic companies in India. Domestic companies are subject to a flat rate of 30% as a corporate tax on their earnings. If the company has a turnover of Rs. 1 crore or more, 5% surcharge is levied on the tax paid by the company. 3% education cess is also payable.

Taxation of Companies - Academic

Corporate taxation refers to taxation of companies (as defined under Income Tax Act, 1961) and is a major source of revenue to the Government. Under Income Tax Act, 1961, a company is liable to pay tax on its income at a flat rate (just as partnership firm) without any basic exemption limit as applicable to an individual or FIUF.

Company Taxation-Meaning and Definition

Companies are subject to income tax and tax on capital gains in terms of the Income Tax Act and there is no separate law charging corporation tax. The general rules discussed in Chapters 11 and 12 apply to companies as well as to other persons. This chapter highlights the income tax provisions that are specifically relevant to companies.

Chapter 13: Taxation of Companies and Shareholders

2009 Tax Rates for Companies are: Resident companies: 30 percent; and. Non resident companies: 48 percent. However, there are different tax rates for income from mining, petroleum and gas. In addition, companies may also liable to other taxes such as dividend withholding tax or additional profits tax.

Taxation of Companies - Internal Revenue Commision
